

**ITALIAN QUALITY & UK SUPPORT AT A SMALL BUDGET PRICE**  
HEATING, HOT WATER & HOT BATHS /SHOWERS FOR SMALL PROPERTIES

690 mm  
618 mm  
Depth: 315 mm Weight: 45 kg

- Flow rate ≤10 lts/min
- DHW taps
- Bath & Shower
- DHW <65C CH <75C
- Up to 14 radiators
- Underfloor Heating
- UK Service team
- FROM **£1299** +VAT

**Cost-effective:** The cheapest electric combi boiler that can fill a bath. Running it on an economy-10 tariff makes it comparable -in costs- to a gas boiler.

**Compact size - Easy swap:** wall-hung electric combi boiler for small properties with a bath and shower, the position of the valves makes it easy to replace gas boilers.

**Single Phase 12kW (80A or 100A Main fuse).** Modulates usage between 2kW – 12kW. Inbuilt 30lts cylinder. ECO & COMFORT modes.

**Compatible with most thermostats:** standard thermostats, digital thermostats and timers or smart thermostats, Guival.C is compatible with most of them.

**Compatible with Solar Panels and storage batteries,** cut down on bills and cut down on your carbon footprint. No emissions, no flue or condensate required.

**UK/EU Fully certified** and tested. 2 years warranty - extendable. Local Support, Installation and Service Teams.
